be detoxed. Farnsworth began yelling and saying something to the effect of "Fuck you," "I will kill you," "I will blow your station up." You better watch your backs, I am coming for you," and other statements to that effect. I observed Farnsworth to tense up his jaw and clench his fists. I know these to be pre assault cues. Farnsworth continued northbound on Church Street yelling. Calderon-Melendez began trying to calm him down. Farnsworth continued yelling at him and a female across the street.

4. I made contact with Farnsworth again and told him to stop yelling and leave the area. There were approximately 10-15 people from the area of COTS to Church Street and Main Street watching Farnsworth. Farnsworth said something to the effect of "Get the fuck away from me" and "Fuck you, I will kill you." Farnsworth began walking towards me and jolting forward. He was once again clenching his fists. I ordered Farnsworth to place his hands behind his back and took control of his right arm. He tensed up and I guided him to the ground with a modified arm bar takedown. Farnsworth told me to let him go and he would just walk away. I placed him in handcuffs, double locked them, and ensured they were secured properly. Ofc. Meyer searched Farnsworth incident to arrest and we placed him in Ofc. Lopez's vehicle. I could smell an odor of intoxicants emitting from Farnsworth. I asked Farnsworth how much he had to drink and he stated he had a couple drinks. Myself and Ofc. Lopez transported him to the Burlington Police Department.
5. I fingerprinted and photographed Farnsworth. I flash cited him to appear in court on June 14, 2016, at 0815 hours.
6. A review of Farnsworth's criminal history shows he has 1 felony conviction, 11 misdemeanor convictions, 2 violation of court order/conditions convictions, 1 unknown offense level charge, 7 assaultive crime charges, 1 assault on officer charge, 2 dangerous deadly weapon related charges, 6 violation of probation/parole charges, and 2 previous failures to appear in court.
